- Incomplete H1 tag ('Leading Lawyer and') may impact SEO and user experience
- No apparent paid advertising strategy in a highly competitive legal market

RECOMMENDATIONS

Fix the incomplete H1 tag

The current H1 tag 'Leading Lawyer and' appears truncated. Update to a complete, keyword-rich heading like 'Leading Lawyers and Legal Consultants in Dubai' to improve both SEO and user clarity.

HIGH PRIORITY

Implement email marketing with lead magnet

Create a downloadable resource such as 'Guide to Business Law in UAE' or 'What to Expect in Dubai Court Proceedings' and add email capture forms throughout the site to build a nurturing pipeline.

HIGH PRIORITY

Add LegalService schema markup

Implement LegalService structured data to help Google better understand your practice areas, potentially earning rich snippets for legal service searches in Dubai.

MEDIUM PRIORITY

Run PageSpeed audit and optimize

With 13,098 words of content, conduct a Core Web Vitals audit. Consider lazy loading images, code splitting, and caching strategies to ensure fast load times, especially on mobile.

MEDIUM PRIORITY

Launch targeted Google Ads campaign

Invest in PPC advertising for high-value keywords like 'corporate lawyer Dubai' or 'litigation attorney UAE.' With your strong review profile, ads will have high credibility and conversion potential.
