

EXECUTIVE SUMMARY

Made in London Dental has a solid digital foundation with exceptional Google reviews (5.0/158), strong content, and clear conversion pathways. The main concerns are mobile performance issues (LCP of 6.5 seconds) and missing schema markup that could significantly boost local SEO visibility for this premium Westminster practice.

HEALTH CHECK OVERVIEW

9 PASSING	6 NEEDS WORK	0 CRITICAL
--------------	-----------------	---------------

CHECK	FINDINGS	SCORE
Website Speed WARN	Mobile PageSpeed score is 59/100 with poor LCP of 6,482ms (should be under 2,500ms). Desktop performs well at 94/100. Mobile speed needs significant improvement.	5/10
Mobile Responsiveness PASS	Viewport meta tag is present and site has responsive indicators. However, mobile PageSpeed of 59 suggests rendering issues that impact mobile user experience.	7/10
SEO Optimization PASS	Title tag (48 chars) is within optimal range. Meta description at 142 chars is good. H1 present and relevant. Canonical URL implemented. Missing robots meta tag is a minor concern.	7/10
Google Reviews Rating PASS	Exceptional 5.0/5 rating with 158 reviews demonstrates outstanding customer satisfaction and strong social proof for a dental practice.	10/10
Social Media Presence PASS	Active presence on 2 platforms (Facebook and Instagram). Consider expanding to LinkedIn for professional networking and YouTube for treatment showcases.	7/10
Posting Frequency WARN	Two social profiles detected but unable to verify current posting frequency. Regular content updates are essential for engagement in the competitive cosmetic dentistry market.	6/10
Branding Consistency WARN	OG title present but OG description missing, which affects social sharing appearance. No schema markup detected despite being a local business. Brand name consistent across page.	6/10
Call-to-Action Clarity PASS	CTA buttons present, phone number displayed on website, and contact options readily available. Strong conversion-focused layout for a dental practice.	9/10
Lead Capture Forms PASS	Contact form implemented with email contact available. Consider adding a specific 'Book Consultation' form or free smile assessment to increase lead quality.	8/10
Conversion Optimization PASS	Strong combination of CTA buttons, contact form, visible phone number, and celebrity testimonials mentioned in H2 tags. Multiple conversion pathways available.	8/10
Content Quality PASS	Excellent word count of 1,712 words with 16 images providing substantial content depth. Well-structured with clear H2 hierarchy covering services, team, and trust elements.	9/10
Paid Ads Presence WARN	No tracking pixels or ad script indicators detected. For a premium cosmetic dental practice in Westminster, paid advertising could significantly boost patient acquisition.	5/10
Email Marketing Usage WARN	No newsletter signup or email marketing integration detected. Missing opportunity to nurture leads and maintain patient relationships through email campaigns.	4/10
Trust Signals PASS	Perfect 5-star Google rating with 158 reviews, SSL certificate active, celebrity endorsements mentioned. Adding review schema markup would enhance visibility in search results.	8/10
Technical Performance WARN	SSL active, canonical URL set, viewport configured. However, no schema markup detected and robots meta missing. FCP of 2,745ms exceeds recommended threshold.	6/10

STRENGTHS

- + Outstanding Google rating of 5.0 with 158 reviews - exceptional social proof
- + Comprehensive website content at 1,712 words with well-structured headings
- + Clear conversion pathways with contact form, CTA buttons, and visible phone number
- + Strong desktop performance at 94/100 PageSpeed score
- + Celebrity endorsement positioning differentiates from competitors

WEAKNESSES

- Poor mobile speed with LCP of 6,482ms severely impacts user experience and SEO
- No schema markup (LocalBusiness, Dentist, Review) missing critical local SEO signals
- No email marketing or newsletter capture to nurture leads
- Missing OG description affects social media sharing appearance
- No visible paid advertising strategy for competitive Westminster market

OPPORTUNITIES

- Implementing Dentist and LocalBusiness schema with AggregateRating could significantly improve click-through rates in search results
- Adding a 'Free Smile Assessment' lead magnet could capture high-intent prospects
- YouTube presence showcasing before/after transformations could leverage celebrity angle
- Google Ads campaigns targeting 'cosmetic dentist Westminster' and 'emergency dentist London' could drive immediate bookings

RECOMMENDATIONS

Fix Mobile Page Speed - Critical LCP Issue

Reduce Largest Contentful Paint from 6,482ms to under 2,500ms by optimizing hero images, implementing lazy loading, and deferring non-critical JavaScript. This directly impacts mobile rankings and user experience.

HIGH PRIORITY

Implement Comprehensive Schema Markup

Add LocalBusiness, Dentist, and AggregateRating schema to leverage your perfect 5.0 rating. This can display star ratings in search results, significantly improving click-through rates for high-intent searches.

HIGH PRIORITY

Launch Email Marketing with Lead Magnet

Create a 'Free Smile Consultation' or 'Celebrity Smile Guide' lead magnet with automated email nurture sequence. Cosmetic dentistry has high consideration time - email keeps you top-of-mind.

MEDIUM PRIORITY

Add OG Description and Complete Social Meta Tags

Implement missing OG description to control how links appear when shared on social media. Include compelling copy about celebrity-trusted cosmetic dentistry to improve social engagement.

MEDIUM PRIORITY

Establish Google Ads Presence for Competitive Keywords

Launch targeted campaigns for 'emergency dentist Westminster', 'cosmetic dentist London', and 'same day dental treatment'. Your 5-star rating will boost ad performance through seller ratings extension.

LOW PRIORITY
